Scope of Services

At CeylonGen, we provide professional web application development services tailored to meet the unique requirements of your business. Our offerings include both Static Websites and Dynamic Websites, each crafted with precision and delivered with exceptional quality.

Static Websites

A Static Website is ideal for businesses seeking a simple, informational online presence with a fixed number of pages.

Starting Price: LKR 100,000

Payment Plan:

- 40% Advance Payment: To commence the project, covering the development of Front-End UI Design and Graphic Designs.
- 40% Interim Payment: Upon completion of all website developments, including integration of approved content and designs.
- 20% Final Payment: Upon finalizing and launching the website.

Dynamic Websites

A Dynamic Website is ideal for businesses requiring interactive features, database management, and advanced functionalities.

Starting Price: LKR 250,000

Payment Plan:

- 40% Advance Payment: To finalize UI Design and all Graphic Designs.
- 40% Interim Payment: After completing Front-End development and Back-End functionalities.
- 20% Final Payment: Upon finalizing and launching the fully functional website.

Included Benefits

To ensure an optimal experience for our clients, the following benefits are provided with every web application project:

- **Free Domain and Hosting:** Complimentary for the first year on all plans.
- **Lifetime Free Maintenance:** Ensuring your website operates smoothly without additional charges.
- **Scalable Solutions:** Post-launch additional features can be developed and integrated at an agreed-upon cost.
- Consultation and Project Discussions
- We value clear communication and transparency. As part of our service:

We provide free project consultation sessions (either online or physical, based on your preference) to discuss your business needs and goals.

These meetings are conducted after project confirmation to ensure clarity on the deliverables.
